To Whom It May Concern:

This letter is written in support of Jose Perez, a candidate for fellowship award at Buffalo State College. During the two years that I have known Jose, I have had the opportunity to observe him in many settings and varying situations.

As his instructor, I know him to be a dedicated student, always doing his best and reaching a level of success near the top of every class.

During the time when he was student teaching, I was the College supervisor responsible for his placements and observations. Any time there was a problem it was brought to me and discussed very professionally. Never were there any derogatory comments or placing blame. This is an indication of maturity and an ability to handle delicate situations with competence and sensitivity.

As part of our coursework, Jose was required to interact with visitors to our career fairs. He treated everyone with kindness and patience while demonstrating his career activities and discussing his particular field of interest. Visitors ranged in age from very small children to adults very advanced in age.

For all of these reasons, and more, I am confident in recommending Jose for any endeavor he chooses to pursue. Please feel free to contact me if I can be of further assistance.

Judith S. Davis  
Lecturer and CTE Student Teaching Coordinator
